McDonald County Commission—Minutes

May 1st, 2017

Present:

Keith Lindquist- Presiding Commissioner

John Bunch - Eastern Commissioner

David Holloway- Western Commissioner

Kimberly Bell - County Clerk

## General Business

Commission checked county roads for flood damage. Big Sugar Creek Road is still closed. Sugar Creek Road at Powell bridge is still impassable. Oscar Talley bridge was solid and held fine. However, the approaches on both sides of the bridge had some damage and will have to be fixed. The bridge is closed until the approaches can be fixed.

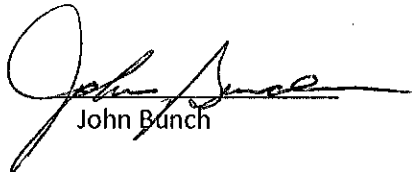

Commission visited the jail to inspect current remodel and addition.

The McDonald County Commission would like to thank all Emergency Management personnel, County and city Law Enforcement Officers, Freeman Ambulance, 911 dispatchers, local Fire Departments and the County Road and Bridge personnel for the assistance in keeping McDonald county citizens safe during the flood, as well as, the clean-up of roads, bridges and waterways in the county. They would also like to extend that thank you to all citizens that volunteered to clean debris off roads, bridges and waterways throughout the county, using their own equipment, fuel and time. It is because of your efforts, McDonald County did not have any fatalities during this devastating flood.
