

**60.3 McDonald County Ordinance for Flood Plain Management Criteria for  
Flood-prone Areas**

Ordinance No: 2010-02

The Federal Insurance Administrator will provide the data upon which flood plain management regulations shall be based. If the Federal Insurance Administrator has not provided sufficient data to furnish a basis for these regulations in a particular community, the community shall obtain, review and reasonably utilize data available from other Federal State or other sources pending receipt of data from the Federal Insurance Administrator. However, when special flood hazard area designations and water surface elevations have been furnished by the Federal Insurance Administrator, they shall apply. The symbols defining such special flood hazard designations area designations are set forth in 64.3 of this subchapter. In all cases the minimum requirements governing the adequacy of the flood plain management regulations for the flood prone areas adopted by a particular community depend on the amount of technical data formally provided to the community by the Federal Insurance Administrator. Minimum standards for communities are as follows:
